Dear Consul General St. Victor:

On behalf of Martin's International and the Black Heroes Matter (BHM) Coalition we wish to express our sincere condolences to the people of Haiti for the loss of life of more than 1,300 citizens as a result of the devastating earthquake that hit the Southern and Western Departments as well as Nippes and Grand'Anse on Saturday, August 14th, 2021.

We have noted that Haiti has experienced tremendous trauma in the last couple of months and want you, the government, and people of Haiti to know that we mourn with you all, pray for you all, and support you all as the recovery and restoration process continues. May the thousands of individuals who are injured experience a speedy recovery,

Further, may the great country of Haiti and its people, once again, rebound completely and be blessed with a stable economy, repaired, and improved infrastructure, and continued growth. We realize that the healing and restorative process will take time and so may God's strength and resilience keep you all.

Again, please express our condolences and prayers to the Prime Minister and the people of Haiti. We stand in solidarity with you all. If we can be of any assistance to you and the people of Haiti, please do not hesitate to reach out to Ms. Marilyn Mays, our BHM Communications Co-Chair at email, Bheroesmatter@gmail.com.

With sincere sympathy,

Ephraim Martin
